U.S. AIR FORCE

Background

Statutory requirement (FAR 19.7)

Any contractor receiving a contract...must agree in the contract that small business, veteran-owned small business, service-disabled veteran-owned small business, HUBZone small business, small disadvantaged business and women-owned small business concerns WILL have the MAXIMUM practical opportunity to participate in contract performance consistent with its efficient performance. [emphasis added]

U.S. AIR FORCE

Background (con't)

- What are the criteria for requiring a subcontracting plan?
 - >\$500k or >\$1M (construction only)
 - When subcontracting opportunities exist (otherwise must have a waiver)
 - If an acceptable subcontracting plan is NOT negotiated, the offeror will be ineligible for award

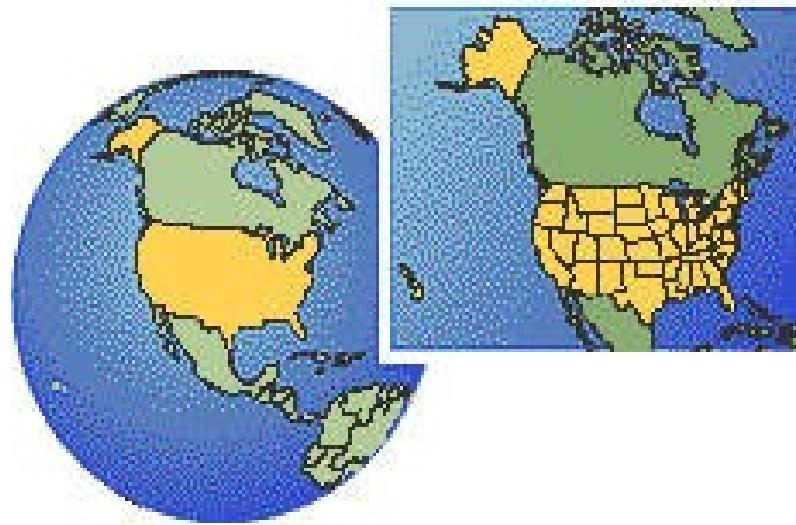

U.S. AIR FORCE

Overview

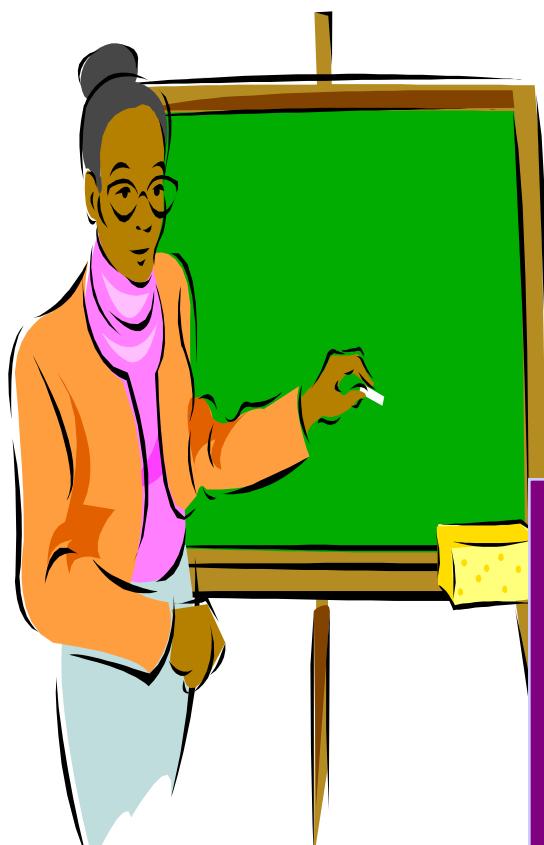

- Subcontracting plan is NOT required...
 - from Small Businesses
 - for overseas contracts
 - when a waiver is in place (no subcontracting opportunities exist)

U.S. AIR FORCE

Overview

- When a contract has a small business subcontracting plan, it **must** have a SF294 and SF295 filed semi-annually (April and October)
 - Submittal dates of the 294/295 can coincide with CPARS submittal dates for those evaluations which have periods of performance through Sep

**Subcontracting Plan = SF294 +
SF295**
